Big Changes at Silverleaf Deborah

There are many changes at Silverleaf this year, but maybe the biggest is our new Teachers in Training. Teachers in Training, all of whom are certified teachers, will live in our dormitories and run extracurricular activities with our boarding students after school.

This year our boarding students will participate in Drama Club, Science and Technology Club, Football League, Art Club, Reading Olympics, and many other activities.

Our Teachers in Training will also assist our regular Silverleaf teachers in class. These extra staff members allow us to cut our student teacher ratio almost in half and give our students healthy, enriching activities both in school and after.

We now have six women supervising our girl's boarding and five men + two aunties overseeing our boy's boarding to make sure we take care of your children the way you – their parents – would.

Unfortunately, due to space and best practices for boarding facilities, we no longer accept students who are in second grade or lower for our boarding facility.

Communication

Parent communication is one of Silverleaf's top priorities. To better manage your concerns, and our teacher's time, if you have questions or concerns, **please do not contact your child's teacher directly.** Call us in the office and we will make sure your problem is addressed.

Also if you wish to visit the school to meet with teachers or leadership, you must schedule an appointment or come during visiting hours. During these times, you can meet with a member of our leadership team.

Monday – 10:30-1

Wednesday – 10:30-1

Friday – 10:30 -1

If you visit at other times you may have to wait as long as two hours before someone is able to see you.

Anytime you want to come, please send a text message first so we know to expect you.

You can also make an appointment to visit your child's class and see Silverleaf teaching at work.
